- **Day 2: Colca Canyon Tour & to Arequipa (Meals:B,L)**

Very early in the morning, your tour guide and driver will meet you at your hotel and take you to the Colca Canyon, along the way we will stop in some small Andean villages where time seems to have stopped and Colonial architecture is still preserved. We will then continue until we reach 'Mirador Cruz del Condor,' which is the most popular viewing point for looking into the depths of Colca Canyon. At this particular point, it is 1200m deep and you will almost always see a few condors in flight with the breath taking scenery in the background. You then have an opportunity for a short hike along the canyon and will enjoy a nicely prepared picnic lunch afterwards. Once you have taken in the very refreshing air of the Colca Canyon, we head to your hotel in Arequipa, which will take approximately 4 hours.
